### Asbestos Management Plan Available

Lexington School District One completed a comprehensive inspection of all facilities for asbestos containing materials in 1988, in compliance with the Asbestos Hazard Emergency Response Act (AHERA) of 1986. Subsequent inspections were performed in 1991,1994,1997,2000, 2003, 2006, 2009, 2012, 2016 as required by AHERA.

No material regarded as posing a hazard of health was found. While asbestos-containing building materials are still in several of the district's schools, the materials are not friable, thus, not expected to release fibers into the air. As outlined in the law, the district monitors all asbestos-containing material by conducting semi-annual inspections and provides needed information to appropriate employees of the district.

Copies of each school facility inspection and management plan are on file at the District Office and at each school. They are available at any time for public review.

## **PE/ARCHERY NEWS**

PES has two (2) students who made it to the State tournament this year.

Ethan has a season average of 228 out of 300 and a personal record high of 260.

Kaylie has a season average of 217 out of 300 and a personal record high of 249. She has also medaled in overall girls 2nd and 5th place in two tournaments this season.

This is the first year for both archers. They both hope to continue archery at the middle school next year.
